

## INSTRUCTIONS TO AUTHORS FOR HPC/CIC TROMSØ 2017

The two conferences will be overlapping with **11<sup>th</sup> HPC** running 6-7 March and **2<sup>nd</sup> CIC** running 7-8 March 2017. Delegates can participate at individual conferences or both.

**Please indicate in the headline of your abstract:**

If your contribution is within "advances in concrete technology" (HPC-conference) or innovation (CIC-conference), where innovation is defined as: "a new product, a new service, a new production process, application or organisation that is launched in the market or used in production to create economic values. A new idea or invention is not an innovation until it has come to practical application and creates value".

**Abstract deadline for either conference is the 20. of August 2016.**

**Deadlines for HPC 6.-7. of March and 2nd CIC 7.-8. of March 2017**

- 1. Abstracts, by the 20. of August 2016**
- 2. Invitation to write a full paper, by the 1. of September 2016**
- 3. Full paper submission, by the 25. of September 2016**
- 4. Review feed back by the 15. of November**
- 5. Final submission by the 1. of January 2017**

**INTRODUCTION:**

Acceptance for publication will be based on the final papers. The Scientific Committee reserves the right to exclude papers for reasons of quality, content, language, appearance or otherwise.

**ABSTRACT:**

It is essential that authors follow these guidelines. Papers that do not comply with the requirements set out below may be rejected.

**Language:**

All papers must be written and presented in English only. It is advisable, especially for non-English speaking authors, to make sure that the language used is correct and appropriate. No simultaneous translation will be provided or allowed.

**Key-words:** Instructions, layout, headings, figures and tables, references.

**Abstract, Headings and Subheadings:**

Start the text with a self-contained abstract not exceeding 300 words.

*Divide the text into sections if you wish, with clearly indicated headings and sub-headings. Write **MAJOR HEADINGS** in capital letters on a separate line flush left; use bold typeface, if available. Write **subheadings** in ordinary letters flush left on separate line; use bold typeface, if available. Leave two empty lines before every major heading or subheading and one empty line before starting a new paragraph. Text within tables might be of type size 10*

### **Second level of subheading**

If a second level of subheadings is used, it should be in *italics* with one line of spacing above and none below.

#### **Title:**

The title must be as short as possible, but describe the paper sufficiently to distinguish it from others. Write the title in capital letters centred on the page.

#### **Authors:**

The author(s) must be identified immediately following the title by first name, (middle name initial) and surname (family name). Underline your surname or the part of your name by which it should appear in the alphabetized index. Write your affiliation and country centred under your name.

#### **Units:**

SI units are preferred. If US units are used, please add SI units in parentheses.

#### **ACKNOWLEDGEMENT:**

These instructions have been derived from instructions for various conference proceedings.
